Standing order locked in

Every response from here on also gets written to a PDF in responses/ (with any links included and clickable inside the PDF).

What I built

- scripts/make_response_pdf.py — renders text to responses/YYYY-MM-DD_HHMM_slug.pdf
- responses/ — folder for every reply going forward
- life_tracker.md updated with the standing order so it survives across sessions

Back to today

Ready when you are. My recommendation stands: call Midas Danbury (203-456-1896) to book the damage quote + brake diagnosis — one call unblocks the small claims suit.

Midas Danbury: 350 Main Street, Danbury CT — <https://www.midas.com/>

Want me to draft the call script for you, or are you ready to dial?
